---

*Highly motivated Full Stack Developer and Senior Software Developer with **4+ years of professional experience** in designing, developing, and maintaining scalable web and mobile applications. Proven ability to lead development projects, optimize performance, and deliver high-quality code while embracing modern technology stacks.*

PROFESSIONAL EXPERIENCE

Melt Studio — **Colombia, Remote**
Senior Full Stack Developer. — *December 2025 – Present*

- Acting as the sole developer for high-priority projects, taking full ownership of the technical roadmap and execution.
- Delivering AI-first solutions for US-based companies using **Python, MLflow, and LLMs**, and building robust infrastructure for AI agent messaging and voice calls.
- Designed and implemented complex integrations with **Google LSA, Yelp, Angi, Thumbtack, Zapier, and Meta Ads** to drive business growth.

Bigwise — **Maracaibo, Venezuela**
Senior Software Developer — *November 2023 – December 2025*

- Led the development and successful deployment of a new cross-platform social application, **Slive Social**, utilizing **React Native** for both **iOS and Android** platforms.
- Led the development and deployment of an Android focused, versatile, powerful and lightweight **POS App** for the **Slive** ecosystem, using **Jetpack Compose** and **Kotlin**.
- Participated in the development of a new and revolutionary platform. **Slive**, a classic **ERP with a twist**, including **AI integrations** as an Assistant and a **social layer** with included messaging and posts.
- Managed the **full software development lifecycle** from architectural design and feature planning to deployment of critical, user-facing functionalities.
- Engineered and optimized **high-traffic API endpoints** using **Node.js** and **Express**, resulting in a **30% improvement in response time**.Implemented **robust testing methodologies** (unit, integration, and end-to-end) to ensure high code quality and maintainability.

UNIVERSIDAD RAFAEL URDANETA — **Maracaibo, Venezuela**
Bachelor's in Computer Engineering — *September 2018 - September 2022*
